TOWN SURVEYS—Report No. 9

Selectmen of Jaffrey, N. H.
Gentlemen:

Following is the ninth annual progress report on Town Surveys. At the last annual town meeting the sum of $200 was appropriated for the survey of town roads and the following was accomplished.

Beginning on Main Street in Jaffrey Center at the end of previous surveys, a taped traverse was run westerly on Main Street to Dublin Road then northerly on this road to the Dublin line, tying in with previous surveys. Surveys were made on McCoy Road to connect with previous ones on Academy Street and Slade Road and the traverse on the latter road was extended over the old Dublin Road to the Dublin Line on the easterly side of Thorndike Pond.

Other surveys were plotted on the town streets and one additional street was started making a total of 68 in the set to date.

The surveyor accompanied the Selectmen on the perambulation of the Jaffrey-Fitzwilliam Town Line.

Respectfully submitted,
ARTHUR S. BUSS,
Surveyor.

REPORT OF SUPERINTENDENT OF SCHOOLS

I submit herewith my twenty-fifth annual report as Superintendent of Schools, it being the thirty-fourth in the series under union supervision. With it is included the report of Headmaster Ernest B. Dana, and the report of Mrs. Helen L. Towne, school nurse.

The following teacher changes have occurred.

Miss F. Elizabeth Swann has taken charge of the English department to succeed Miss Ruth Kenyon who was elected to a similar position in Old Lyme, Connecticut, at a large increase in salary. Miss Swann is a graduate of Bates College, and during the school year 1941-42 taught English in the Belmont, N. H., high school.

Miss Ruth J. Fitzgerald of Peterborough was elected teacher of English in grades seven and eight with divisions in grades nine and ten in the senior high school. Miss Fitzgerald is a graduate of Keene Teachers' College with several years of teaching experience, and was principal of the Rindge Center school during the past two years.

Mr. Clayton E. Craig, a graduate of Keene Teachers' College with eight years of experience as principal and teacher in Hancock, and during the past year in Acton, Mass., was chosen principal and part time teacher of grade six in the Grade School.

Miss Edythe M. Coutts, a graduate of Keene Teachers' College, 1942, succeeded Miss Elizabeth Bunker as teacher of one division of the first grade.

Mrs. Abbie S. Brown was made part time teacher in grade six with remedial work in other grades in the Grade School, and at the opening of the term in January her work was extended to grades seven and eight in the junior high where she has afternoon classes, so that she now becomes a full time teacher.

The enrollment for the first twelve weeks of the present school year has been 555. For the same period last year it was 564, and for the entire school year, 1941-42 it was 577.

The Cheshire County Institute scheduled for last May was omitted on account of transportation difficulties, and the State Teachers' Association in Manchester which was to have been held in October was omitted, but a Regional Association meeting was held in Keene in November which all our teachers attended.

The budget committee has approved the school board budget which provides an approximate increase of $2,150 for salaries which are to meet temporary conditions rather than permanent increases.

To the item of "other expense of instruction" has been added the $300.00 raised during the past three years for adult education. The value of these classes has been demonstrated and we feel need not be annually submitted for a special appropriation.

Our schools, especially in the upper grades of the high school are facing a serious situation. It is to be expected that boys will be leaving to join the armed forces of the United States, and the wages paid in industry will draw away from school others who under different conditions would complete

their high school course. The teacher shortage is acute throughout the country, but we must do our best to maintain and expand our courses to meet war time conditions.

Very truly yours,

February 12, 1943. LEWIS S. RECORD, Supt.

Activities from February 1942 to February 1943

Due to the present emphasis upon the conservation of both time and materials in the printing of reports, the discussion of the extra-class, extra-curricula, and of the social activities of the school will be brief:

DRAMATICS: The Class of 1943 presented two excellent three act plays. With one of the largest casts ever used in a play, "What A Life" was presented on April 10. A large and appreciative audience enjoyed to the full the many humorous and complicated situations which followed each other in rapid succession as the ever interesting theme of modern youth unwound. The fine performance of everyone showed that much time and enthusiasm was put into its preparation by the members of the cast and by the Coach, Miss Ruth Kenyon.

"Going On Seventeen" was presented on November 20. Another plot with its central theme the modern youth of today, this play furnished all kinds of surprises and laughs with its involved situations and rapid action. Much credit goes to the cast and the Coach, Miss Elizabeth Swann, for the success of the full evening's performance. The speeches and interpretation throughout showed that much time and rehearsing had been put into its preparation.

WASHINGTON TRIP: The customary trip was made to the Nation's Capitol during the April vacation, which also included the cities of New York, Philadelphia, and Baltimore. The entire Senior Class of fifteen members took the trip with Miss Griswold and Mr. Dana as chaperons. Because of a ruling by the Federal Government pertaining to coastwise shipping, it was necessary to cover the entire journey by land.

ATHLETICS: As has been said again and again in the past, Conant owes much of its success in athletics to the interest and support of the townspeople. Add to this an interested and enthusiastic student body plus experienced instruction, the accomplishments in this very important part of our school program are explained.

In the basketball season of 1941-42 the boys' team closed one of the most successful seasons in years by winning second place in the Monadnock League. The team also played in the Durham and Townsend Tournaments.

Although the girls did not show as much strength as the boys last season, they have developed a lot of power this season to the extent that the much coveted League Championship is already theirs for the first time in many years. At the time of this writing the boys' team is but one jump behind them and is making a strong bid for the same prize.

Even though the baseball team lacked experienced veteran material, it showed strength as the season progressed. As only one member was lost by graduation, there should be more experienced material with which to build a team this coming season.

MUSIC: This important department in our school prepared and presented selections at different school functions. The Glee Clubs from both the Senior High and Junior High sang at the Prize Speaking Contests and at the Graduation Exercises in June. Four members of the High School Glee Club represented Conant in the New England Music Festival which was held in Keene in March.

MISCELLANEOUS: The three outstanding social events of the year included the May Ball on May 1, the Senior Reception on June 16, and the Hallowe'en Ball on October 23. These activities add much to the social life of the school.

No Amos Fortune Prize Speaking Contest has been held since the last report. However, in May one of our Freshmen, Betty Frost, competed in the State Prize Speaking Contest held in Durham and won first prize with her humorous selection "A Pair of Lunatics." The Junior High School Prize Speaking Contest which was held on October 28, 1942, showed both talent as well as much time and work in preparation.

CONCLUSION: Faced with the present emergency, our schools are finding it necessary to make changes in order to be the better able to serve our community and our country. The present indications are that more and more adjustments and additions will be made as time goes on. Already a pre-flight course in Aeronautics has been added to the program of studies. This timely subject, which is elective to juniors and seniors who have had one year of mathematics, carries a full school credit as well as meeting the C. A. A. and U. S. Army requirements. Other courses which are pre-inductive in nature are in the process of preparation by several school publishing companies and may be either added to or incorporated in the present physi-

cal science and mathematics courses now offered at the school. There is a possibility, also, of adding a physical education course to the high school program.

All the teachers have taken First Aid Courses that they might be better prepared for whatever may happen. They have very willingly given of their time and effort in working upon various rationing programs, and in helping in any way possible. A plan of evacuation has been worked out for use in case of a bombing attack.

The response of the pupils to the many needs created by the present uncertainty and conditions has been most gratifying. Every senior has taken a First Aid Course, and the Family class included a Home Nursing Course in its subject matter. Many pupils have been trained in various local defense duties and are now ready to carry out definite tasks if an emergency should arise, several of whom are already on regular watch at the Observation Post. Valuable assistance has been rendered in the collection of scrap, harvesting of crops, and in removal of snow after storms. A large percentage of each class regularly purchases War Savings Stamps.

Six boys have enlisted in the Armed Services of their country since the opening of school in September. Robert Pratt, Roland Boudrieau, and Raymond LaFreniere have joined the Marine Corps, and Peter LaFosse, Gerald Sawyer and William Sullivan have joined the Navy.

Certainly if the old adage "Action speaks louder than words" means anything, both teachers and pupils of Conant High School stand ready to assist at any time.

ERNEST B. DANA,
Headmaster
